Ms. Barbara Byron
California Energy Commission

Barbara,

May I suggest that the record of the workshop on nuclear energy (Aug. 15-16) include the article "Environmental Heresies" by Stewart Brand published in the May 2005 issue of MIT's Technology Review?

Mr. Brand's article can be found at:

http://www.technologyreview.com/articles/05/05/issue/feature_earth.asp?p=0

Sincerely,

Alan Pasternak
